Third Taxing District Commissioner David Brown, Commission Chairman Charlie Yost, Commissioner Debora Goldstein and Treasurer Dr. Michael Intrieri pose in front of the Fitch Street substation during dedication ceremony Friday morning.

3rd taxing district celebrates

HOURLY STAFF REPORTS

NORWALK — Third Taxing District (TTD) Electric Department representatives, elected officials and local dignitaries dedicated the new Fitch Street Substation at 6 Fitch St. in East Norwalk on Friday morning.

Officials say the roughly \$8-million project will bring customers improved reliability and savings. The Third Taxing District Electric Department is now connected directly to the transmission line whereas before its customers were dependent upon a feed from Connecticut Light & Power Co.
